Be it past or present — discover all the best the Top End has to offer with Darwin Tours.

Botanical Gardens Fountains.

Sunset on Fannie Bay.

WWII history at the Qantas Hanger.

Darwin Aviation Museum.

Fannie Bay Gaol.

"Digger", WWII related sculpture at Oil Storage Tunnels.

'On our Tour Tub half day city sights and history tour you'll visit all the key landmarks, including the WWII Oil Storage Tunnels at Darwin Waterfront, the Darwin Military Museum - Defence of Darwin Experience at East Point, the Qantas Hanger, Darwin Aviation Museum, Fannie Bay Gaol, WWII Sites on Darwin Harbour, Darwin Cenotaph, Government House and Parliament House (the original post office site), Botanical Gardens, the Museum and Art Gallery of the Northern Territory and more,' said owner, Rob Marchant. Their experienced local guides also provide live commentary on Darwin's unique history and can answer any questions. 'People love our small buses, especially the iconic open-air ones we sometimes use; it's more personal,' Rob continues. 'For larger groups, we use several buses.' Darwin Tours offer full-day adventures or personalised and customised tours for 2 or more, or your complete holiday packages. 'There's so much to see and do it's a shame to see people miss out because they didn't book early enough or weren't aware of the distances involved,' adds Rob. 'That's why our staff can prepare your itinerary, including accommodation if required, to ensure you get the most from your stay and enjoy your holiday adventure.'

So get along and learn about Darwin's history, the war and cyclones, see the crocs jumping, bathe under a waterfall, catch a barra, board that helicopter for a pub crawl around the Top End or just relax on a harbour cruise and soak up the brilliant gold, orange and red sun as it sets. Get out there, and we know you'll fall in love with Darwin and the Top End. Darwin is the adventure capital and gateway to world-class natural and cultural attractions such as Litchfield National Park, Katherine Gorge, Kakadu and Arnhem Land — and Darwin Tours can show you it all.
