

It's no secret that National Geographic's Outback Wrangler and local Territory hero Matt Wright's life is one big adrenaline and fun-fuelled adventure. Now you can experience the exhilarating fun and spectacular surroundings of Matt's outback life through his new Wild Australia Safari Tour and glamping expedition. It's the absolute trip of a lifetime.

Thrilling airboat tour on the floodplains.

Incredible cathedral termite mounds.

One of ten deluxe Lotus Belle Tents.

Matt has become an international star with his hit TV series Outback Wrangler a rating success in over 130 countries worldwide. Locals and visitors to the Northern Territory have the rare opportunity to experience Matt's own backyard in the wet and wild wonderland of the Finnis River in the Top End. The Wild Australia Safari Tour provides you with an unforgettable day encompassing a relaxing boat cruise on the pristine Sweets Lagoon, scenic helicopter flight over the expansive floodplains, airboat tour through wetlands and monsoonal rainforest followed by thrilling airboat fast laps and a delicious breakfast or lunch cooked by the friendly staff.

Whilst cruising around you can fish for prized barramundi then take a refreshing dip in northern Australia's only croc-safe pool. You'll be amazed with the abundance of wildlife in this slice of paradise. The Wild Australia Overnighter combines all the adrenaline and fun of the day Safari Tour with overnight accommodation in your very own luxurious safari tent with sunset dinner and drinks followed by relaxing by the campfire under the starry sky. There's no need to rough it here, the camp's ten deluxe Lotus Belle Tents are complete with a double bed, outdoor shower, wooden decks and solar power bringing a new style of ecofriendly glamping to the Territory. The camp is set amongst the spectacular cathedral termite mounds and lush open floodplains of the Finnis River region.

And no trip to the Territory is complete until you've gotten up close and personal with large saltwater crocodiles! You'll be able to say G'Day to some of the resident crocodiles affectionately named Chug, Tripod, Otis and Bone Cruncher just to name a few. The wet season is also locally known as crocodile season, when the warm weather and increased waterways sees crocodiles more active. It's the best time of year to see these remarkable creatures up close in their natural habitat and you needn't fear because you're in safe hands with Matt and his highly experienced team taking care of you.
